**Approx. 1.04**

### DESCRIPTION.

Tribond 1061 has been specially developed as a general purpose adhesive for the shade-card and food packaging industries. Formulated with a medium open time, high solids and easy clean properties, Tribond 1061 gives excellent adhesion to a wide range of substrates. Tribond 1061 can also be used as anti-fray adhesive for textiles and scrims. Care should be taken to make sure all equipment is properly set before using the adhesive. Users should evaluate the product to make sure all requirements are satisfied before going in to full production.

The components of Tribond 1061 are approved under fda 21 cfr 175.105, 176.170 and 176.170

### STORAGE.

Store at temperature above 7°C to prevent damage by frost.  
The storage life of this product is 3 months from date of manufacture.

### HEALTH AND SAFETY.

None hazardous  
Refer to the Material Safety Data Sheet for more information.

### CAUTION.

This product has been manufactured to current quality and production specifications. Users of this product must carry out their own trials to ensure all requirements are satisfied. Trillium cannot guarantee the products suitability for the specific purpose of the customer due to the many factors that may affect storage, processing and application.
