DESCRIPTION.

Tribond 1192 is a fast setting, high tack PVA developed for corrugated side seam applications and panel filter construction. Designed to be clean running, Tribond 1192 is suitable for wheel, roller and nozzle application.

Tribond 1192 can also be used for many other paper converting applications, such as bag, sack and tube manufacture.

Users should evaluate the product to make sure all requirements are satisfied before going in to full production.

STORAGE.

Store at temperature above 7°C to prevent damage by frost.

The storage life of this product is 2 months from date of manufacture.

HEALTH AND SAFETY.

None hazardous

Refer to the Material Safety Data Sheet for more information.

CAUTION.

This product has been manufactured to current quality and production specifications. Users of this product must carry out their own trials to ensure all requirements are satisfied. Trillium cannot guarantee the products suitability for the specific purpose of the customer due to the many factors that may affect storage, processing and application.
