**Specific Gravity.**

**Synthetic co-polymer**  
**Approx. 64%**  
**Approx. 600cps**  
**4-6**  
**Approx. 1.06**

### DESCRIPTION.

Tribond 1221 is a side seam / window patch adhesive suitable for bonding paper and board materials to typical window patch materials such as acetates and polyesters.

Typical applications are direct mailing, envelopes and other high-speed applications, where clean application is required.

Users should evaluate the product to make sure all requirements are satisfied before going in to full production.

### STORAGE.

Store at temperature above 7c to prevent damage by frost.

The storage life of this product is 3 months from date of manufacture.

### HEALTH AND SAFETY.

None hazardous

Refer to the Material Safety Data Sheet for more information.

### CAUTION.

This product has been manufactured to current quality and production specifications. Users of this product must carry out their own trials to ensure all requirements are satisfied. Trillium cannot guarantee the products suitability for the specific purpose of the customer due to the many factors that may affect storage, processing and application.
