DESCRIPTION.

Tribond 1171 is a high tack adhesive developed for use in the paper converting industry, particularly for tube and industrial core winding. Tribond 1171 offers good wet tack, clean running and good adhesion to wide range of papers and boards. The dry film properties of the adhesive add to the overall rigidity of the finished tube or core.

STORAGE.

Store at temperature above 7°C to prevent damage by frost.
The storage life of this product is 3 months from date of manufacture.

HEALTH AND SAFETY.

None hazardous
Refer to the Material Safety Data Sheet for more information.

CAUTION.

This product has been manufactured to current quality and production specifications. Users of this product must carry out their own trials to ensure all requirements are satisfied. Trillium cannot guarantee the products suitability for the specific purpose of the customer due to the many factors that may affect storage, processing and application.
