DESCRIPTION

Tribond 1124 has been developed for bonding printed paper and board substrates to wood or card, typically for the manufacture of laminates, puzzles and games. Tribond 1124 has excellent tack, a long open time and excellent pot life. Tribond 1124 can be applied by hand or roller type equipment and is easily cleaned with water.

Users should evaluate the product to make sure all requirements are satisfied before going in to full production.

STORAGE.

Store at temperature above 7°C to prevent damage by frost.
The storage life of this product is 3 months from date of manufacture.

HEALTH AND SAFETY.

None hazardous
Refer to the Material Safety Data Sheet for more information.

CAUTION.

This product has been manufactured to current quality and production specifications. Users of this product must carry out their own trials to ensure all requirements are satisfied. Trillium cannot guarantee the products suitability for the specific purpose of the customer due to the many factors that may affect storage, processing and application.
