DESCRIPTION

Triprint 1214 is a water-based, gloss, laser printable coating for treated films such as polyester. At low coating weights, Triprint 1214 gives excellent image reproduction through a variety of commercial and home printers.

For best adhesion results the surface energy of the substrate should be a minimum 40d/cm. Users should evaluate the product to make sure all requirements are satisfied before going in to full production.

STORAGE

Store at temperature above 7°C to prevent damage by frost.
The storage life of this product is 3 months from date of manufacture.
Mix before use.

HEALTH AND SAFETY

None hazardous
Refer to the Material Safety Data Sheet for more information.

CAUTION

This product has been manufactured to current quality and production specifications. Users of this product must carry out their own trials to ensure all requirements are satisfied. Trillium cannot guarantee the products suitability for the specific purpose of the customer due to the many factors that may affect storage, processing and application.
