DESCRIPTION

Tribond 1289 is a high solids PVA emulsion which meets the requirements of EN 204 D3. It is designed for use as a general purpose wood / joinery adhesive, where prolonged resistance to moisture is required. Tribond 1289 is suitable for all types of wood, giving extremely strong surface bonds.

Users should evaluate the product to make sure all requirements are satisfied before going in to full production.

STORAGE

Store at temperature above 7°C to prevent damage by frost.
Keep in closed containers to prevent contamination.
The storage life of this product is 6 months from date of manufacture.

HEALTH AND SAFETY

None hazardous
Refer to the Material Safety Data Sheet for more information.

CAUTION

This product has been manufactured to current quality and production specifications. Users of this product must carry out their own trials to ensure all requirements are satisfied. Trillium cannot guarantee the products suitability for the specific purpose of the customer due to the many factors that may affect storage, processing and application.
